

PATENT

REMARKS

This paper follows the Interview conducted on October 20, 2005. Applicant appreciates the time taken by Michael J. Yigdall and Antony Nguyen-Ba to conduct the Personal Interview. The participants discussed the limitations of the claims and the Ju reference. Applicant agreed to make the above non-narrowing amendments to claims 1, 13, 37 and 47 to clarify the term "speculation boundary." Applicant also agreed to amend claims 1, 13, and 37 to satisfy concerns held by the Office regarding 35 U.S.C. §101.

In summary, claims 1-50 are in the case. All claims are believed to be allowable over the art of record, and a Notice of Allowance to that effect is respectfully solicited. Nonetheless, if any issues remain that could be more efficiently handled by telephone, the Examiner is requested to call the undersigned at the number listed below.
